DISCUSSIONS AND RESOLUTIONS CUM DECISIONS:

1. In the meeting it is resolved that in all the 5 (five) ongoing projects pertaining to infrastructure of Barpeta District Judiciary the contractors are directed strictly to use those construction materials which are prescribed in the tender documents and any deviation in this regard will be viewed seriously. The PWD officials supervising the construction work have assured in the meeting that they will keep strict vigil on the contractors in regular interval and intimate the District Judiciary from time to time. It is also informed that the construction work of ADR building is going slow. So the contractor of ADR building is strictly instructed to resume the construction work of the building without any delay and submit progress report in the next meeting.
2. The meeting also discussed about the letter No.HC.XLV-132/2014/1024 PMNP written by Registrar Admin. of the Hon'ble High Court requesting us to take up with the District administration for allotment of land for construction of staff Quarter of the District Judiciary, Barpeta. Accordingly, the meeting resolved to write a letter to the District Administration Barpeta for allotment of suitable plot of land for construction of staff Quarter in the District Judiciary Barpeta. The learned Addl. Dy. Commissioner present in the meeting assured to look into the matter urgently after receipt of formal letter.
3. The meeting also discussed about a proposal for preparing a plan & estimate for construction of Court Building for MACT Court in the newly allotted land for MACT court. In this regard the PWD officials suggested that for preparing a plan & estimate they will need the basic requirements first for MACT Court. Accordingly the meeting decided to write a letter to the Hon'ble High Court requesting to

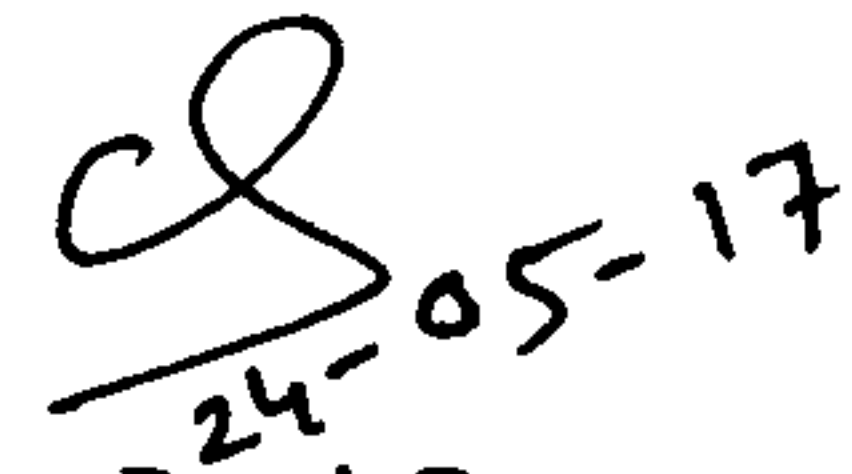

provide a model plan along with the necessary requirements for MACT court so that we can ask the PWD to prepare a plan & estimate at an early date.

4. In the meeting the matter of feasibility of establishing vulnerable witness deposition center with proper sitting accommodations, availability of drinking water, toilets etc in the existing court complex in Barpeta in terms of letter No. HCXLV-35/2014/4914 PM & P of the High Court is also discussed thread bare. Since there is absolutely no scope for construction of such a centre in the existing court building at Barpeta, and it is otherwise also not advisable to construct such a center within the existing court complex, as a new multi storied court building for Barpeta District Judiciary is coming up in a separate plot. Therefore, we the District Judiciary request the PWD Officials to consider whether there is any scope for construction of such a center alongside the new court building. If it is found feasible to have such a building there; it will be intimated to the Hon'ble High Court in due course.
